How it Works

Start with a base policy. Choose either a Cancer or a Heart Attack & Stroke Insurance Policy.

\$174 Billion
The total projected cost of cancer in the U.S. in 2020.¹

Get the benefits of both policies. Add either a Cancer rider to a Heart Attack & Stroke policy or a Heart Attack & Stroke rider to a Cancer policy for an additional premium to get benefits of both policies.

Meet Elizabeth

Elizabeth, a teacher at a local elementary school, felt something on her breast and scheduled an appointment with her doctor. She was diagnosed with breast cancer. Three years ago, she purchased a \$25,000 Flexible Choice Cancer Policy and because of her diagnosis, was able to receive 100% of her \$25,000 selected benefit amount.

CANCER

You are unique and so are your health insurance needs. Don't let a cancer diagnosis get in the way of being who you are. Our lump sum benefits can help with the treatment costs of cancer, so you can protect your well being.

Your Cancer Policy

A cancer diagnosis can occur at any time regardless of your lifestyle.

Lacking the proper cancer coverage to help pay for additional costs associated with treatment can affect your recovery, so it's beneficial to plan ahead.

With our *Flexible Choice* Cancer Insurance Policy, you will receive 100% of your selected benefit amount, from \$5,000 - \$100,000, upon diagnosis⁶ of any cancer.

In the U.S., **MEN** have a **1 in 12** lifetime risk of developing cancer.²

Use your lump sum benefit to help you get back to living the life you were meant to.

HEART ATTACK & STROKE

The thought of having a heart attack is alarming, but the truth is, it can happen to anyone. Recovery is important. Our lump sum benefits help you focus on getting well so that you can be 100% you.

Your Heart Attack & Stroke Policy

The costs associated with an unexpected heart attack, stroke or other heart-related surgery can be overwhelming. With our *Flexible Choice* Heart Attack & Stroke Insurance Policy, you can receive a percentage of your selected benefit amount, from \$5,000 - \$100,000, should you receive a diagnosis or procedure for one of the qualifying events listed on the right, subject to the maximum benefit amount.

For example, if you selected a \$20,000 benefit amount and needed an Aortic Surgery, you would receive 25%, or \$5,000. If you then suffered a stroke, you would receive the remaining balance amount of \$15,000 for a total of 100% of your maximum benefit amount, or \$20,000.

This coverage is also available as a rider on a Cancer policy. (Rider Form Series #LY-LSH-RD-NJ)
